1) Looking at Presentation and what still needs to be added
   a) Students who will be presenting-German has talked to and will meet with on Wednesday morning
   b) Achieve data was pulled last Wednesday (10/19/16)
      i) Talked about why students are still not spending much times on Thought Questions and way to get students to spend more time (explain that students get points in Achieve based on their Thought Question-using relevant vocabulary, etc)
   c) Discipline: Do we need to add information about repeat offenders and what we are doing to help these students?
   d) Next Steps:
      i) Focus on Student-Centered Learning Environment
      ii) Continue Professional Development Plans
      iii) Solidify plan with common assessments
      iv) Continue data conversations
      v) Vertical Alignment
      vi) Achieve-training will help with improving data
      vii) Purposeful assignments-holding students accountable for work with retake opportunities
